

HEATHER STEFL

FOR NATIONAL DELEGATE

I hope to earn your vote as National Delegate for the First District of Virginia. I have the leadership skills and have proven over the years with my different roles serving you and Virginia Republicans.

If elected to this position, I will be certain to fulfill my duties diligently and represent our great commonwealth in the highest regard. A Trump supporter since 2016 when others in the party doubted his electability, I never waived in my support for President Trump. He was the man for the job in 2016 and someone we still need in 2020. Elect me and I will be happy to take with me to Charlotte NC your vote to re-elect President Donald Trump and Vice President Mike Pence.
