It is past time for Republicans to win state wide elections. We must reach out to voters in new and creative ways. We must examine each issue through the lens of what is best for Virginia's families. Families are the building blocks of our society and families have been under attack for 60 years. Progressive policies and the Welfare State have destroyed many families, particularly in our minority communities.

We must be fearless and relentless in our efforts to save our Commonwealth and Nation. Help Make Virginia Red Again by voting for Chris Henderson for State Central Committee.
