

CHRIS HENDERSON

experienced, conservative, leader

As a lifelong conservative and supporter of Donald Trump in the 2016 Republican Primary, I saw the need for and benefit of having a non-establishment disruptor as President. The Deep State continues to conspire with Progressives, the Media, and Academia to undermine President Trump and his efforts to Drain the Swamp and to Make America Great Again. We must not let them prevail. It would be a great honor to serve as your Alternate Delegate to the National Convention as we nominate President Donald J. Trump for a second term.

I ask for your support and vote on June 13th.
